INTRODUCTION

We would like to invite YOU to our first indoor football world cup with hosted by the couchsurfing community

After organizing successfully the outdoor football meeting since over three years and hosting three outdoor world cups in 2011 we are now going indoors to let the players legs not rest.

The main target likely with every CS meeting is to bring people from all over the world together. We just do not just play, we also exchange, chat and having a great gathering together.

That's why we appreciate all kinds of players, male or female, tall or short, skilled or unskilled.

And if you don't want to join playing, come and join for cheering for your nationality or friends.

See you soon!

The Tournament

To make the World-cup a successful one we need of course players. We have 8 teams on the schedule including 5 players (one goalkeeper, four field players) in each team. Each team should as well have one captain who keeps contact with the tournament coordinator about information for his team. Important: It is the task of the team captain to sign up his team for the tournament with all necessary information requested.
